Great retreat tucked away in Geneva on the Lake!

My husband and I spent a wonderful week at Abigail's. This is an ideal getaway location because you have so much close by - beaches, restaurants and food vendors, gift shops, wineries, golf - it's all there! And our cottage was just perfect - very clean, nice accommodations and a lake view to boot! It was also very charming. This is a great place to truly relax. We enjoyed being able to run around, or just sit by the lake. We also appreciated the no pet, no smoking policy (due to our allergies). You can tell that Abigail has put a lot of thought and care into the cottages and the location. Thanks Abby, for a perfect vacation! We'll be back next year!

Wonderful Geneva on the Lake Cottages

Our stay in the two bedroom cottage closest to the shore was great. It was immaculate and fresh. The website pictures are accurate! We loved seeing the lake from our screened porch, living room and kitchen. We suggest visiting the nearby state park with a great beach and walking trail and of course local wineries. We spent a day in nearby Cleveland going to the West Side Market. We also enjoyed walking to get donuts on the strip at 7:00 AM and taking them to the lake with our coffee to begin the day. Support Abby's recent purchase and renovation efforts. You will be greatly pleased!

Great getaway to Geneva on the Lake!

My sisters, friends and I greatly enjoyed our stay at Abigail's Lakeside Cottages during a weekend trip to Geneva on the Lake. The cottage itself was comfortable and quaint, with beautiful quilts on the beds and an updated kitchen and dining area. We

stayed in one of the larger cabins and it was quite comfortable for the 7 of us that spent nights there. It is conveniently located and within walking distance of all the attractions on the strip, as well as the nearby park. We enjoyed grilling out with the beautiful backdrop of the sunset over Lake Erie. One tip for larger groups- if you are all traveling separately from different locations, as we were, finding parking can be difficult on a busy summer weekend. Plan to come early in the day so that you'll be able to find a space. Thank you, Abigail, for the attention you've given your properties and for a great weekend getaway!

Super weekend!

Abby's cottages are as beautiful as they look on the website. They are clean and completely updated. The owners take a lot of pride in their property. Right on the beautiful Lake Erie shoreline, we spent one whole day on the deck soaking up the sun and water. We left a small bag and Abby was very helpful getting it back. Stay with confidence!

We loved the cottage and the location was great and you can walk to everything. The lake is a few steps away and you can swim right off of the deck. Cottage has everything you need so bring your towel and food and relax. I hope next year we can

bring our dog with us since she would love the lake. Big plus Abbey was around each day in case you had any questions or needed anything. Loved it ! and will be back !

A Wonderful Week At Abigail's

Guest: Tutu (Tennessee)

Date of Stay: 07/09/11 Review Submitted: 07/20/11

Our week spent in Geneva On the Lake at Abigail's was absolutely perfect. Everything listed in the info is completely true which is not always the case in some rentals. The view is beautiful, the cottage has all the modern conveniences but so cute and quaint. We enjoyed grilling in the courtyard, having our breakfast in the screened porch, and could walk just a few feet to all the attractions. If you are looking for a place to relax by the water, enjoy the breeze, and get away from the humidity of the south, this is it! Abby and her family will make you welcome and we hope to return.
